REASONS FOR ALLOWANCE

1. The following is an examiner's statement of reasons for allowance:
2. The Information Disclosure Statements filed July 26, 2004 and February 7, 2005 have been considered. The references alone or in combination forms do not teach nor suggest structurally similar compounds as those instantly claimed.
3. Postaire et al. have been cited to show the state of the art. At page 982, see compounds 8 and 9. The difference between the prior art compounds and the instantly claimed compounds is the R³ position. Postaire et al. teach -OH at this position. For the instant claims, R³ represents lower alcohol. There is neither teaching nor suggestion to modify the prior art compounds to derive those instantly claimed. Accordingly, claims 1-22 are allowed.
4. Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
